

SCS TODAY | October 5, 2020

[A late-day M-W-F update from the SCS Dean's Office]

Starting this week, SCS TODAY on Mondays will focus on upcoming events that may be of interest to the SCS community. And remember that Mondays are a good time to visit [SCS EVENTS](#) to see what's on the calendar for the week.

THIS WEEK

— Tomorrow, 12 – 1:30 p.m.: the Center for Informed Democracy and Social-cybersecurity (IDeaS) and the Block Center for Technology and Society will co-present [Combatting Disinformation One Month Before the Election: What State and Local Policy Makers Can Do](#) with panelists Kathleen Carley (ISR) and Yonatan Bisk (LTI). Learn more and register to attend via the link above.

— Wednesday, 4:45 – 5:45 p.m.: Women Leading Navy Technological Innovation [panel discussion via Zoom](#) or [Facebook live stream](#).

— Friday, 10:30 a.m. – 12 p.m.: BiasBusters for faculty and staff will be held virtually. BiasBusters is a program that brings SCS people together to engage in conversations about bias, diversity and inclusion. Send email to Carol Frieze, cfrieze@andrew.cmu.edu if you'd like to participate.

— Friday, 1 – 6 p.m.: Engage with local robotics and AI companies from the [Pittsburgh Robotics Network](#) (PRN) at the [RoboBurgh Opportunity Expo](#). Students can network virtually! PRN companies have opportunities for internships and full- or part-time employment. [Register here](#).

COMING UP . . .

— October 15 – 18, Virtual Tartan Community Day and Homecoming. [Tartan Community Day](#) centers around “the power of rest.” Classes have been cancelled for all students on October 16; afternoon and evening sessions/activities will inspire connection to self, others and our Tartan community. And be sure to gather with fellow Tartans to be inspired, engage in conversations with alumni, students and faculty and celebrate all things CMU at this year's [Homecoming](#).

— October 19 & 20: University Libraries will present Artificial Intelligence for Data Discovery and Reuse (AIDR) and Open Science Symposium as a joint conference event. AIDR aims to find innovative solutions to accelerate the dissemination and reuse of scientific data in the data revolution using the power of AI. Open Science Symposium builds awareness and support for the adoption of open research practices and encourages innovative ideas about data sharing. [Register to attend one or both conferences](#).

Until Wednesday,
---- Martial

[SCS NEWS](#) | [SCS EVENTS](#)

All of us share [A Tartan's Responsibility](#) and as members of the CMU community we must do our part to prevent the spread of COVID-19. If you plan to come to campus, you must complete the [CMU Self-Assessment Survey](#). Even if you're not coming to campus, CMU Community Health & Well-Being strongly encourages daily completion of the survey.

REMEMBER YOUR RESOURCES
